STATEMENT OF ADDITIONAL
GROUNDS FOR REVIEW

I, Paul Andrew Winger, have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

The prosecutor's office and sheriff's department receive funding from the non-profit that was awarded to our case money from myself and my wife Thelma Winger. This becomes a conflict as the money had open-ended accounts for its use which could be considered for personal gain. This under the ethics in public service laws RCW 42.52.

Additional Ground 2

My attorneys were changed several times during these four years and I was given different ones because they either wanted to work on other cases and another had wanted to retire a week before the verdict. All from the same firm. Under the sixth amendment guarantees right to proper representation.

If there are additional grounds, a brief summary is attached to this statement.
